Continuation of 3. NOTE: The proposed amendment substantially broadens claim 83 by removing the limitation directed to a contaminated thermoplastic polyolefin. As such, fursther search and consideration would be required to for the Office to act upon this amendment. Similarly, other newly added limitations such as situating a sheet of film in a mold also require further search and consideration. Applicant is cautioned that if an RCE is submitted using the amendment submitted after final, the removal of the contaminated thermoplastic polyolefin limitation may be considered an improper shift of invention.

Continuation of 13. Other: Applicant's arguments have not been responded to because they are substantially directed to issues that require further search and consideration..
